WE DISAGREE WITH YOU, SENATOR REID

To Senator Harry Reid and the other pro-abortion lawmakers in Washington: We oppose your radical abortion agenda.

Senator Reid and his pro-abortion political allies are taking aim at unborn children by supporting President Barack Obama's radical pro-abortion agenda, including:

- Blocked amendment to prevent federal government from subsidizing health plans that cover abortion on demand.
- Removed previous ban on funding organizations that promote abortion overseas.
- Removed previous ban on use of congressionally appropriated funds for abortion on demand in Washington, D.C.
